  - a. Confirmations
    - i. Haroon Rashid - Judicial Seat 13
      1. Speech: I am a biomed major, I am in my third year, I am a pre-med student but I am looking to get into more government work. I have been involved on campus for three years. I was president of the Pakistani club. I have been involved in med and political clubs. I have worked with SGA in the past more so in the inclusivity project. I have always wanted to be more involved with Sga and have been wondering how I can do more for the students.
      2. Questioning
        - a. St Preux: What is one initiative you intend on bringing to your role as justice that is going to result in the betterment of the judicial branch?
          - i. The number one thing for me is going to be the lack of understanding amongst the students at UCF when it comes to what the judicial branch does. It is important for students to understand how representatives can serve them. I wanted to work with the SGA inclusivity project, working with PLC that is very much involved in connecting different parts of campus together, working better with senators and creating more partnerships within SGA to create more opportunities for everyone to access.
        - b. Rutledge: How much time are you willing to delegate to Judicial?

1. Speech: I am a sophomore, I am the treasurer of my sorority, I have started a garden initiative in SGA, I am a Lead Scholar, I was in EC. I wanna start a campaign to bring more awareness to the judicial branch in all parts of campus.
2. Questioning
  - a. Appline: Are you spirit of the law or letter of the law?
    - i. Letter of the Law.
  - b. Moscol: How has your experience in EC prepare you for this position?
    - i. EC taught me how to work well with other people. I also learned some marketing skills there and how to be impartial
  - c. Rutledge: What are your statutory requirements as a justice?
    - i. The justices sit on conduct board, they sit on grade and parking appeals. They have internal committees where they try to better the branch. They also have internal rules committee. They also assist students in different appealing processes.
  - d. Alhaddad: Why Judicial and not Legislative or exec?
    - i. I have always wanted to be in judicial. I saw the value of EC, I did as much as I could. Now I feel like I am ready to grow and serve somewhere else.
  - e. Appline: if you had a super-power what would it be, and why?
    - i. Talk to animals, I have two dogs and I would like to know what they are thinking.
  - f. Appline: How long is your term as a justice?
    - i. 2 years but they alternate.
  - g. Davis: Following up on an earlier question, you mentioned yourself to be letter of the law, but could you describe to me what it is to be spirit of the law?
    - i. Look at what is said and apply to each individual situation. Instead of being black and white, there is gray.
3. Debate
  - a. Rutledge: I am going to be voting in favor of you, you seem very knowledgeable.
  - b. Custis: Having worked with Mary, I can attest to her work ethics, I see her a lot in the office, and I am sure that is not going to change.
  - c. Alhaddad: I think you are very knowledgeable and will do well.
  - d. Davis: I will not be voting in favor but I will not be voting against either. I think we are all humans, nothing is really black and white. You were too quick to answer as letter of the law and I think there comes a time for us all to show some emotion.
4. Vote count: 6-0-1
10. Member Discussion: none
11. Miscellaneous Business: none
12. Final Roll Call: Same as initial plus one minus one
