I graduated this past August with my Bachelors' degree in Interdisciplinary Studies. I currently work in Housing and Residence Life as a graduate coordinator. I currently sit on the student conduct board with the Office of Student Conduct. As far as why I would like to be in Senate, I feel like I have made a lot of contributions to student life and housing, but a lot of students don't live on campus, I would like to be a part of something that affects every student on campus extend that impact.

 - i. I am an administrative caring officer for housing. I want to shift the educational atmosphere in senate
