 - ii. SB51-064: Senate Bill for Human Factors and Ergonomics Society
 - 1. Senator Communication: 5/5
 - 2. Suggestions:
 - a. The only issue we had was understanding who could be the travel leader for the forms. I had myself down but had to change to someone else because I was receiving funding from another department.
 - b. It would be helpful to have some type of status bar that updates as the process goes along. For example, I could log in and check the status and see if I'm waiting on signatures or bill has been passed and is moving to signatures or bill is with the A&SF office...stay tuned for more info. (I think a good example is the dominos pizza tracker).
 - 3. Move to approve:
 - a. 4-0-0
 - iii. SB51-068: Senate Bill for International Relations Club
 - 1. Senator Communication: 3/5
 - 2. Suggestions: Responses for the assigned senator were slow. I think to provide explicit directions as to what the members of the leadership team need to do (what meetings to attend, when, etc.)

- a. Every senator my organization communicated with before and after our paperwork got lost in the system was very nice. However, I wish there had been more communication about where needed forms were to be found and what pieces of information were needed before a representative from an RSO files a form or meets with a senator, accountant, etc.
 - b. Instructions about the process often made it sound like the forms would be emailed to our RSO's representative after the initial funding approval occurred when they were actually in Knights Connect. Miscommunications between offices (accountants, ORS, and SGA) also created clarity issues as individuals within those offices often gave incorrect information and/or unclear instructions about how the other offices and their paperwork worked. There were also several times when my RSO ran into the issue of having the proper information but not having it on a specific form because we were never notified that such a form existed.
 - c. I suggest that the instructions given to RSOs be reviewed for potential misunderstandings and that the names and locations of all needed forms be clarified.
- xii. CRT52-500: CRT Allocation for [REDACTED]
 1. Senator Communication: 5/5
 2. Suggestions: None
 - xiii. CRT52-471: CRT Allocation for [REDACTED]

 - xiv. FAO52-104: FAO Allocation for OSTEM
 1. Senator Communication: 5/5
 2. Suggestions: None
 - xv. SB52-036: Senate Bill for KnightRaas
 1. Senator Communication: 4/5
 2. Suggestions:
 - a. We were unclear about the rule that the bill will only be funded if the total spending cost is ABOVE \$4000 (and the senate contribution has to be above \$2000). We were

unaware of this point and so we had to re-structure our entire bill to meet this requirement.

- b. Have a more clear timeline (or provide it for the RSO's when they come into CRT to discuss their bill). It would have been nice to know the difference between first reading, second reading, and third reading. Also, maybe give us an update about when the bill will be signed by SDES vice president and SGA president.

xvi. CRT52-183: CRT Allocation for [REDACTED]

1. Senator Communication: 5/5
2. Suggestions:
 - a. Natalia Correa-Ferro was amazing in informing me about the CRT Funding Process. I recommend her to all students that need to go through the funding process.
 - b. No explanation needed. Natalia was awesome.
 - c. Make sure the funds allocated to the students are properly inputted into the system that the business office sees.
 - d. The ORS Committee ROCKS! But I prefer FAO... idk just a bias I guess.

xvii. SB52-042: Senate Bill for OSA Student Chapter at UCF

1. Senator Communication: 5/5
2. Suggestions: The scheduling for the CRT committee meeting could be more efficient if each organization was given fixed time slots, or if a list of the RSOs scheduled was displayed in the SGA office.

xviii. SB52-031: Senate Bill for Graduate Anthropology Association

1. Senator Communication: 5/5
