 - a. Double Major in Political Science and Psychology. Second semester here at UCF and have been so impressed with the work that has been done. In serving in multiple roles has been able to understand some of the issues on campus and

running for the position to be able to help students. Would meet with multiple students who have expressed concerns regarding being able to get jobs after graduation. Has Student Government experience from Valencia being SG President. Taught how to to navigate the system here.

iii. Questioning

1. Bertram - What are some initiatives you would like to bring to the Committee?
 - a. More Connection with GAP Committee, my experience at DATC, when doing research for those initiatives, felt like much of the population being advocated for was not being reached, and we should always talk to those students, not through them. We need to do more talking to the students, met with some of the students after DATC, and they didn't know it was happening. Secondly, transparency, many students are not aware of what services are offered, in SG and out, our committee can support that knowledge.
2. Bertram - Do you plan to have the Committee table this session?
 - a. Yes. I want SBA to table, as well as host/co-host open forums to hear from students. Various ways to hear from students. Tabling won't be forced, we will set up a schedule and volunteer. I hope everyone here wants to table to advocate for students, so I am excited about volunteering that way. Also love grassroots campaigning, want to proactively reach out to students in addition to tabling.

iv. Debate

1. Tache - Support Senator Salerno, she is the greatest person for this position, across the whole Committee.
2. Cibula - Stefania has always been welcoming and nice, which is critical for this role, to be connecting with students. Great that she is unopposed, because she is great.
