12. Miscellaneous Business-

a. Chair Elections

i. Nominations

1. Senator Cimillo

ii. Speeches

1. Cimillo: I am a Health Science Major with hopes to become a doctor. I have experience through SGLC and SLC, where I attended most meetings in CRT. I am good at communicating and have great leadership skills. I love beaches, parks, exploring Orlando, and late night drives. One of the things I want to do is to revise knightconnect form so that everyone can attend the CRT meetings and are able to present for themselves. I want CRT members to get more involved. I want more training for members to represent fiscal bills and have them better understand the spending policy. I am here for you guys if you guys have questions, and I want to ensure you guys have a safe space to learn. In addition, I hold everyone to the same standard. I also will make sure there are as many people here as possible so we can meet quorum. I also want to work with caucuses to teach communities how to get funded.

iii. Questioning

1. Borges: What would you change about appendix a?

a. There are a couple of things you could change, but I would talk to a variety of people to see what they would change before making a decision.

2. Borges: What are the other committees CRT chair sits on?

a. A&SF budget committee. That's all I can remember at this time, but I can always talk to Brodie about this.

3. Borges: Will you be opening your funding request forms this summer?

a. Yes, probably. I will be pretty available.

4. Borges: Will you be on campus during winter break?

a. I honestly don't see why not, I just will be gone for Christmas.

1. Borges: I knew that when she ran, it would be an immediate yes. She has the dedication, sat through a 4 hour CRT meeting, asked so many questions to both fiscal chairs also regarding all fiscal committees. I also see myself in her. I did have more competition when I ran, though, but i am proud to be voting yes!
2. Gomes: Cimillo has made this transition from knowing nothing about Student Government to knowing a little. She has a polite and communicative aura. And she would take the time to learn the interpersonal problems in RSOs and delegate funding accordingly.
3. Caringal: I think she's awesome due to her openingness and willingness!
