For those who do not know, the Student Government Leadership Council is a program of 60 freshmen and sophomores who learn about leadership, receive mentorship from SG Agents, and the ins and out's of SG across all branches. Many of our members are actually currently sitting in this room so congratulations to them, I am so proud! I am also currently working on my transition binder to prepare for the next administration. Thank you for such an incredible year, it truly has been the biggest honor to serve in this position.

 - Evening everyone!
 - Had a lovely meeting this week, I was elected as chair, and we elected Rianna Duke to the vice chair position.
 - I was able to update the new members on the current status regarding a Disability Commons (might get a space soon, couple factors that may hinder that), help get some advice on some accommodations issues with Universal Knights (now mostly handled), and started working on getting the lack of braille addressed in the Libra Dorms (Senator Sandlin is taking point on that). By the next time we meet, I should have much more news regarding the Disability Commons and the braille signage.

 - In terms of updates, I have reached out to PSA to let them know the caucus is up and running. They seem very willing to be involved as the President was wondering about their ex-officio position from last session. We should have more information regarding when we will and meet, how often we will meet based on everyone's schedule, and initiatives we hope to accomplish.
