 - c. New Semester Projects
 - i. WeChat and QQ ban Issue
 - 1. In April, the University banned TikTok, WeChat and QQ from being use while on UCF wifi. CSSA and ASA released a statement, expressing their concern for students who have family in China, and are not able to stay in contact with them through WeChat and QQ, which are communication apps. This can be hard on a students mental health, as they have lost the ability to connect with their loved ones, and both RSO's are hoping to find a solution that will help students be able to contact their families.
 - 2. How do you think that we can help these RSO's and make their concerns heard in a productive manner?
 - a. Akhila – Reach out to DNI coordinator as they have good communication, or the VP of DEI so we can start conversations / need to figue out a way to addresss this with RSO that have concerns
 - b. Hameed - Had a meeting with Senator Mittal, working on sending out a form to a few different RSO's to get a better

- understanding of how this issue is impacting students on campus, will be sent out with the RSO allocations email.
- c. Fintel – Has been invited to CECS Dean’s Advisory Board dinner event to talk about issue, claims that other external sources to help pressure the college about the issue.
 - d. Carter – Can this be brought up in Dean meetings?
 - i. Yes, but first reach out to UCF ITs / hopefully we won’t have to if we can find a solution beforehand
 - e. Temple – May want to also speak with MSC
 - f. Hurst – Senator Hameed, maybe some of these resources will be helpful to you as we move forward.
- ii. What are some projects that you would like to see SBA focus on for this semester/session?
1. Carter – Food Waste Management; reusable containers as opposed to non-reusable products, and reducing food waste and shame for using the food pantry.
 - a. Traynor – Last session SBA did not have much involvement in this, mostly brought up to aberetum. Have investigated Dining services for food quality validation
 - b. Yalamanchili – From previous session, the idea that the leftover swipes for meal plans be given for needed students.
 - i. Temple – Can attest to that, so absolutely reach out to dining services for that as bring up education issues for that.
 - ii. Richmond – Make an initiative to give away dining dollars.
 - c. Kennaugh - Possible liability issues (seconded by Hameed)
 - i. Temple - Talk to ARAMARK
 - ii. Traynor – Have to throw out excessive food (legality reasons) so card swipes deals would be very impactful (not sure how that would work with ARAMARK)
 - d. Yalamanchili – Claims that ARAMARK must cater to selective food (not the best ethnic food), so reach out to UCF to fix that / possibly have other vendors with more traditional foods.
 - e. Carter – Downtown campus has few food options, and doesn’t accept dining dollars
 2. Acosta – Homelessness and related issues in need of assistance throughout the university. They have trouble accessing resources from the university. Could bring more awareness to the issue and get them some help accessing those resources

3. Fintel - RSO's have meetings and sometimes good speakers but no place to meet, and the process of securing a room is difficult, so wants to work on a more accessible way to find big rooms in the engineering building to host meetings and/or speakers

d. Concern Forms

- i. Planning on working with the newly confirmed Executive agents to get a more student-friendly concern form put into place.
 1. What questions can we ask on the concern form that students will actually answer? Having issues with required paragraph answers.
 - a. Temple – having a list of general problems (which of the following list of problems need to be addressed on campus? Lighting, food quality, other in which you can expand)
 - b. Traynor – personal info (major and college) to help characterize the person, different ways to communicate concerns, when you open it different ways for financial, no multiple-choice questions before just a few paragraph options (what's your problem, what could SBA do, SG do, and the university do?)
 - c. Carter – option that asks how much do you know about SG with different levels and a question that asks what they want SG to do
 - d. Hurst – wants to tweak question to make it less vague so we can garner more info through more direct questions to gain a better understanding of what the student body needs

12. Member Discussion

- a. None

13. Miscellaneous Business

- a. Icebreaker: What is your favorite movie?
 - i. Ayden – Fantastic Mr. Fox
 - ii. Fintel – Blade Runner 2049
 - iii. Yalamanchili – revenge of the sixth
 - iv. Temple – a few good men, about a somewhat rouge officer who has the trial of the century and is starred by Tom Cruz
 - v. Acosta – Super Mario Movie (2023)
 - vi. Damarla – hard, but can only think of kung fu panda 1 or 2 not the 3rd though
 - vii. Richmond – Rio
 - viii. Hameed – batman for the 80s or 90s with Arnold and Clooney, so camp and bad in a good way, prequel goes hard.
 - ix. Carter – indecisive, but the entire Twilight series, Jennifers body, and the Lorax (the good one, animated one)
 - x. Hurst - Princess Bride and Clue
