 - b. Chair Campbell – what if I don't want to
 - c. Chair Kennaugh - don't.
 - d. Chair Hurst – how many appointments will we be seeing?

 - i. WeChat and QQ ban Issue
 - 1. Update
 - a. None
 - 2. Canvassing Survey
 - a. What kind of questions should we have?
 - i. Pro Temp Damarla – can you remind me of canvassing survey?
 - ii. Chair Hurst – separate from concern form, focused solely on the WeChat and QQ ban
 - iii. Pro Temp Damarla – have we figured out our method?
 - iv. Chair Hurst – that's what we were doing and discussing questions
 - v. Chair Carter – for questions, firstly asking if they know WeChat and QQ along with the band
 - vi. Chair Hurst – basics

- vii. Pro Temp Damarla – get in contact with RSO's that are impacted by the ban (mainly for Chinese Americans) and then go from there. A post on instagram wont get as much as a response compared to reaching out directly to RSO's where we can find the target audience for the survey
 - viii. Senator Hameed – use demographic as baseline (age, race, etc) would be a good way to differentiate data. Have you been affected? do you know others who are affected? how many?
 - ix. Pro Temp Damarla – is there an alternative app or other ways to communicate?
 - x. Chair Hurst – father in China, communicating via Instagram in the hotel because thats the only thing
 - xi. Pro Temp Damarla – not whatsapp?
 - xii. Chair Hurst – he doesnt understand whatsapp. there are other ways to communicate, but not ideal.
 - xiii. Chair Campbell – easiest work around is providing cellular data on campus because it is only banned on UCF wifi. Find ways to connect to other WiFi (Burger U, Gringo Tacos)
 - xiv. Chair Hurst – provide disclaimer to RSO's about different wifis
 - xv. Chair Campbell – can do it on your own, testing to see if TikTok works
 - xvi. Chair Carter – hot spots are good and often arent extra with unlimited, so can advertise that
 - xvii. Chair Hurst – has DSUR been able to access email?
 - xviii. Pro Temp Damarla – 5 people arent responding, so going to Shane. Reached out to many people. Will follow up when we have the list. AAPIA has a list of related caucusses, will share in the chat and will work equivalently til we get the complete RSO list.
- ii. Food Waste Management
 - 1. Update
 - a. Chair Carter - None, reaching out to Aramark and creating plans for future, and the Sustaiability Coordinator.
 - b. Chair Hurst – reaching out to all of exec to ask questions
- iii. RSO meeting places
 - 1. Update
 - a. Senator Fintel – pushed this meeting to RSOs but noone has shown up, will continue to push because we don't know all the details of the problem

- b. Chair Hurst – can send them my way
- c. Pro Temp Damarla – talked to fiscal about engineering RSO's
- d. Senator Fintel – this is different, difficult for RSO leadership to get good meeting places for special events

iv. Others?

- 1. Pro Temp Damarla – ELA last year and wish we made a concern form based on colleges and specifically for the college, because it is far more impactful at dean meetings having a list of whats impacting the students and how many are facing these issues, forcing them to listen and help. SBA can really help with this and will be more impactful for the students.
- 2. Chair Hurst – likes that idea because different colleges have different issues, we can work on that.

d. Concern Form

- i. Please look at the existing [Concern Form](#), and if you have any suggestions, put those in the document that Vice-Chair Richmond has in her announcements. To go through the form, you can either put your own actual concerns or ideas, or simply put test in any required areas.
 - 1. Chair Carter – overall good and detailed, going thru college section missing colleges (graduate studies)
 - 2. Senator Hameed – says of not or at a specific section
 - 3. Senator Fintel – structure is weird with fiscal at beginning, should be at end
 - 4. Pro Temp Damarla – agrees with Fintel and if were making separate college forms we don't need college and major, we can link the specific college concern form and explain that this is a broad (academic and professional) form
 - 5. Senator Traynor – likes the concern form, can sort by type with google forms and use the colleges when its time for dean meeting
 - 6. Chair Hurst – likes the idea of sorting by major thru broad form, will talk to brody about making 13 different forms, but may be difficult
 - 7. Pro Temp Damarla – sounds great, and to make it simpler just having different colleges and sorting it out plus adding a question about do you have a college specific question (ex. More internship opportunities, morr classes) would be good
 - 8. Chair Hurst – agrees

12. Member Discussion

- a. Chair Hurst – is there any future bills we want to work on?
- b. Pro Temp Damarla – make a calendar of holidays UCF celebrates or we want them too
- c. Chair Hurst – not yet, does anyone want to do that?
- d. Pro Temp Damarla – we can get someone from a different caucus to do it

- e. Senator Fintel – can Damarla continue about Fiscal Leadership meeting surrounding RSOs funding
- f. Pro Temp Damarla – 3 million dollar cut from last year so each entity of the ASF budget, senate being one had financials cut. CRT had 650,000 -> 500,000 cut so the cap of money an RSO can receive is now 3.125% of senate working fund which is 25,000, a 7,000 decrease from last year, which can make a huge difference in RSO's especially engineering. Talked about going back to 3.5% cap with Fiscal Leadership and being strict on funding cap of allocations along with meeting with deans of the college of engineering and computer science to see how we can help increase private funding, because engineering is often the RSO's that reach the cap of 30,000 and would allow us to increase funding. based on previous conversations with deans it will be hard to find more money, because most engineering RSO's get funding from SG, but we are trying to find that area where we can gather more money. The money cant go directly in our fund, but we can redirect the RSO's to other ways to apply for funding.
- g. Senator Fintel – will take that info to RSO's and show were listening
- h. Chair Hurst – anything else?
- i. Chair Campbell – an engagement ring?

13. Miscellaneous Business

- a. Committee Description online: The SBA Committee directs student needs through advocating and creating legislation to put the voice of Student Government (SG) behind student focused efforts. This is done through tabling, RSO representation, and our online Form; using this form, SG can better address ideas, concerns, and feedback from the student body.
 - i. Pro Temp Damarla – add the voice and or action so it doesnt seem like were just backing them verbally but also doing things
 - ii. Chair Campbell – leave as is
 - iii. Pro Temp Damarla – hyperlink form
 - iv. Chair Hurst - it is
 - v. Pro Temp Damarla – we should look over frequently asked questions next meeting and add or change frequently asked questions
 - vi. Chair Hurst – change that it says Traynor is chair of committee
 - vii. Pro Temp Damarla – it will change soon
 - viii. Chair Hurst – leaving in August til December, so someone will be taking my seat. Traynor can have Chair back.
- b. Caucus Insight: I want to see if we already have someone from each caucus on this committee already. Seeing as we are here to help with student concerns and advocate for them, we should also be talking with the different caucuses that represent segments of the student body.
 - i. Black – Carter
 - ii. Lgbtq - Fintel, Hammed, Carter
 - iii. APIA– Damarla
 - iv. Hispanic – Acosta
 - v. Disability – Campbell
