to title 8 you will find the financial code where you can find what you need, so you have the materials asap (before October)

- iv. Thanvi - Politics came up last meeting, idea was politics could be discussed, but that shouldn't detract from the original focus of different health issues.
- v. Chair Hurst - Making it more educational instead of political.
- vi. Pro Tempore Darmarla - Thinking from SG perspective, if we bring up the reasoning behind abortion we have to bring the reasoning against, so we (SG) should refrain from being political.
- vii. Chair Temple - Taking previous remarks in account we could take a policy route talking about what an abortion ban does, looking at what the law does and the implications, looking at the medical side. This area isn't just about the procedure but other areas if medicine.
- viii. Chair Bishop - We can talk about it a more health centered way.
- ix. Thanvi - When reaching out to RSOs ask them to be informed of the policy in case that comes up.
- x. Chair Hurst - Great idea to have a non-biased opinion.
- xi. Speaker Holmes - Looking at it from a broad perspective is good so we don't have to explain because it could get messy.

9. New Business-

- o Chair Bishop - health fair update - still reaching out. Meeting with Thanvi to meet with RSO's who still have questions. Room reserved. Any ideas for what we want to do in the fall? How's your day?
- o Vice Chair Richmond - good
- o Chair Bishop - any ideas
- o Neda - last semester womens caucus worked with SBA to see how different areas on campus needed support, so communicate with SBA. Help SBA put lighting around campus. Walk on campus last year to see places around campus that are dark. Fix email - communicate with IT.
