5. Announcements from the Chair DiChiara-
 - a. Good morning, everyone. Today, we are holding the 1st round of cabinet confirmations. This will be a long meeting so please be patient.
 - b. It's essential to ensure that questions are posed respectfully and are also specific. Many of these roles have particular statutory requirements that must be met. Candidates should be prepared to address these questions if they are genuinely interested in the position. I have provided some example questions for cabinet positions that have been used in the past, as well as a few additional ones. Before each candidate, I will give a brief evaluation based on their materials, intended to provide insight rather than criticism.

- d. Vice Chair Collazo: As a former Justice, my questions intentionally made the candidate critically think to demonstrate the skills of AG. Previous AG Moore worked together with statutes and advising on the AG opinions. My main concern is the time commitments. In my relationship with AG Moore, there were times she was moving from meeting to meeting, it does bring a concern that judicial advising appointments can come in at any moment. A Justice first has to be trained before taking impartial advising slots, and with the new justices requiring training, I have concerns with how candidate will manage taking that extra workload of advising and meeting with C.J. Another concern is due to the heavy time commitment, prior AG she was unable to work on events more on title/statutes, so I am concerned as to how this candidate will work on all the proposed event as well as working with judicial on their events like DATCH. While the candidate did answer very well, my concerns for time commitment and judicial experience, I am unsure as to how I will vote.

- e. Chair: When caucuses work with RSO's sometimes RSO's do their own graphic, how are we making sure they are informed on the digital request process and a consistent image of graphics?
 - i. So glad you brought that up. I believe that if I see in the request process that if there is collaboration with RSO's, reach out to heads of the event and make sure that all planners are on the same page to give out our SG Logo and sponsor the event. Also make sure there isn't two or three graphics for the same event and eliminating that confusion. Consistent promotion and ideas.
 - f. Chair: Elaborate with Library Installments and kiosks?
 - i. Include people outside of social media if they don't follow us/don't use social media. Works to have a greater outreach like last sessions pamphlets and kiosks staying updated in the RWC, SU, and other buildings.
 - g. Chair: Follow up, do you have an idea of increasing amounts of kiosks on campus and satellite campuses?
 - i. As a Rosen student, there's a different amount of outreach like newsletters, so being able to create that relationship with outreach. We can definitely look into costs and implementation of more kiosks. Also following CAB of using physical forms of media like posters in residence halls.
 - h. Chair: Just an idea, how would you approach making it known we are SG and not SGA?
 - i. A lot of that confusion comes from needing to change the physical items with that old logo. Trying to work with orgs like SG ticket center to change that signage and make it known that it is the SG with revamping any items with that logo.
 - i. Chair: What is your formatting for SG like Reels, Instagram etc?

incredibly poignant and was transformative in forming my government relations and policy skills. With this solid foundation, I am confident in being able to serve as the GAC, including my experience in lobbying, government relations, and I look forward to collaborating with GAP and Executive Branch and our overall community. My knowledge of canvassing, the lobbying process, and governmental procedure makes being the GAC an incredible opportunity.

2. Questioning

- a. Chair: You mentioned a proposal expanding tech lending for satellite campuses?
 - i. Upon visiting the DPAC, I was told there was no tech lending. I was under the impression that there wasn't, but if it is, I would love to further promote it and implement the quiet booths from main campus.
- b. Senator Caringle: Debate with Guest Speaker and how that would work?
 - i. Specifically, there has been debates between College Dems and College Republicans, and former GACs held this event. Risk was mitigated and conversation was respectful and I would hope to host this event with GAP. Although controversial topics were debated, these events were respectful and germane so I do not believe there will be any issues but I will put initiatives in place.
- c. Chair: Do you know the main political group RSO on campus?
 - i. The RSO I was planning on meeting with would be YDSA, Turning Point, International Relations, League of Women Voters, and College Dems/College Republicans?
 - ii. Follow up: Would Turning Point and College Republicans share or have a separate platform?
 - iii. Former GAC's said the main RSO's were College Republicans, but I can talk with former groups and GACs to see how.

- e. Chair: Why is SG ON Tour Fall on your initiatives instead of Deputy Cheif of Staff?
 - i. My idea was to have another SG On Tour in the Fall or maybe swithcing it to the Fall so that students can voice their concerns earlier in the year so that senate can work on these concerns.
- f. Chair: You mention wanting to meet the Central Florida Delegation, how will that affect non-local students and how will you adress how they will meet their specific local delegations?
 - i. While some still vote back home or vote here, because they spend so much time in Orlando, it is important that they meet with the officials that will affect them during their time at UCF and in the Central Florida area. Could also attempt to pair students with their representatives from where they call home.
- g. Chair: For mock meeting, the way it was structured in the past, did not stimulate the reality, how do you plan on revamping the mock meetings?
 - i. I plan on talking with former GAC's but also seeing how having different meetings on days or in different rooms within the office/SU to prevent overlapping talking. Overall, to give students the same experience that would be at DATC.
- h. Chair: How do you plan on coordinating DATC packets/area of focus with GAP>
 - i. I plan on working very closely with GAP to form these agendas and listening to the student priority forms. For example, some students saw that issues on the survey were biased as well as letting students write in. Also, making sure only current ucf students can use the form. Also, shortneining it and talks with GAP about how to make it more concise would make more students open to using it/getting responses.
- i. Chair: As this year is an election year, how do you plan on coordinating around the busy election schedules of delegation?
 - i. Reaching out early will help and help the legislative aides plan in advance. Also, hosting this event after elections and around student schedules. There are already representatives

interested in this event, so I don't foresee any issues with turnout during the election year.

- j. Chair: How do you plan on distributing voter guides?
 - i. Something I have to plan with GAP and former GAC coordinators. Need to see traffic times and areas for students so that we can promote voting on satellite campuses, working with Knights Vote, and coordinating events with them on voter education and engagement including hosting events at satellite campuses.
- k. Chair: Are you adding anything to the DACH events?
 - i. Some students wish the event was shorter, maybe having some parts of the event shortened or split into two days.
- l. Chair: Can you elaborate on how using social media to showcase different political aspects and initiatives of the GAC position?
 - i. For my events, I would like to have different posters, flyers, and social media posts far enough in advance to have the most student engagement and education. Would want different formats for promoting these events and working with the Comms team to showcase what the event is and what it accomplished.
- m. Chair: Are you open to having info DATC sessions?
 - i. Yes, I would be open to those informational sessions and include what DATC is on any social media/advertising so that students are aware of what they are signing up for.
- n. Chair: How do you plan on working with departments/organizations/programs that also host political events?
 - i. Having meetings with department heads and offices to be kept up to date and communicated about any events they may have as well as seeing if they are open to collaboration. These meetings will also establish good relationships for the student body information as a whole.

3. Debate

- a. DSR Lazo: Voting in favor.
- b. Chair: Resume is so extensive that it just makes sense that they are the most qualified candidate. I ask my questions just to be thorough and she answered them perfectly.

4. Vote Count 3-0-1

- a. All materials will be in the Senate channel. Brodie set up a folder for that.
 - b. Caringle: Doing similar memorandum for germaine/respectful questions?
 - i. Chair: Yeah a similar thing and making sure we're asking the right question.
 - c. Almenar: Chair, will you be at LJR?
 - i. Chair: Yes.
 - d. Almenar: How do you want to handle confirmations in Senate?
 - i. Chair: Speak to Speaker Pohlman. They shouldn't be asking to much since its E&As job but also at the discretion of the Senate. Hopefully, no repeated questions.
 - e. Speaker Pohlman: We can also set up SQD with a time limit, and worst case scenario, we postpone a confirmation to the next meeting.
 - f. Chair: Are they requesting to caucus time or see them next week?
 - i. Speaker Pohlman: Seems that there is no way for the Coordinator appointee to come in, but I will double check with Lister and we'll see.
 - g. Chair: I will say something that was brought up to me by VC Collazo. There is no way to prove that candidates online can hold them accountable if they are looking at statutes online when asked. How do you guys see that approach?
 - i. Almenar: Its one of those situations where we can't really know but if we have reasonable suspicion, it can be brought up in debate. Anything that's just speculation shouldn't be brought up as it may just muddy the character of the individual.
 - ii. Chair: It could just be open on the online candidates computer, for example asking two different candidates, one in person and one virtual. I can't stop another Senator from accusing whether a candidate had information open online. Just wanted to bring that up and see.
