- b. Today we are seeing a few new absences, and will afterwards read hopefully all of title IX and X.
7. Announcements from the Vice Chair Collazo-
  - a. Good afternoon Everyone! As you can tell by agenda the Absence Request looks a little different today. This is because I needed to find a way to stay organized when doing the precedent tracking sheet. Moving forward each request will have an identification number associated with it. The format of the number will be the Semester-Year-###. So, for the request we see during this semester you will see, SUM-24-##, the Fall, FAL-24-##, and Spring, SPR-24-##. Additionally, all the requests are linked to the precedent sheet, which includes the meeting date of the requested absence, the senator's reason as stated on KnightConnect, and the possible precedence standard. Hopefully, this will allow absence requests to run a little smoother and faster.
  - b. Additionally, starting in the fall semester the identification number will be placed in the comment section of each of the KnightConnect forms when Chair Courts either approves or denies the absence.
8. Announcements from Committee Members-
  - a. LJR (GAP) Rep: In E&A yesterday we looked at the one pager that they want to do with like voting information, and they were talking about the stupid talking about how we're going to get it to table.
  - b. LJR (E&A) Rep: Talked a lot a about the empty senate seats filled up and we talked about one of the things that Texas Tech has you can correct me if I'm wrong shared where they make them at least a bunch of semester or something like that and then we also took a look at title six to see if anything needed to be updated or changed for me any question
