It is 11:30-2 October 16th. It will be their fall festival so should be lots of students. 11. New Business:

viii. Transfer Admission Timeline (JC/Katrina)

Updates:

- i. Varela: we had a meeting with Senator Hall about our admission initiative. He informed us that it could basically not be done at least to his knowledge. The hard deadline would be rough because they are trying to get the most students in that they can. He suggested we look at issues orbiting admission rather than that one. We would still like to go talk to admissions and see their point of view. So we will be looking at setting up a meeting to open up that conversation. We expect a no based off of Hall's statement but we are going to try.
- ii. Vasquez: so no solution to the problem? Do you want to medigate it?
- iii. Varela: yes so we will take the problem as something that is going to happen and try to work around it.

Next Steps:

- i. Varela: connect with Brody for his admin contacts and try to set up a meeting. Me and Gumerov have already met about what we would like to talk about.

ix. SG presence at transfer orientations (JC)

Updates:

- i. Varela: Still radio silence from FYE. I have informed Brodie and he is working on reaching out to them.

Next Steps:

- ii. Varela: Wait for their response after Brodie bumped them. Alternative avenue is to have someone on Exec (President or VP) bump FYE since they have previous contact

x. Encouraging better advertisement of transfer mentorship programs (Katrina)

Updates:

- i. I sent out a email to all the mentorship programs I have found to set up meetings.

*This meeting is held in compliance with the Government in the Sunshine Act.
Funded by the Activity and Service Fee through the UCF Student Government.*

Next Steps:

- ii. My next step is to get meetings with all the mentor programs i can and gain info so I can better advertise. I also want to meet with admissions to create a resource page after.
 - iii. Vasquez: Would you be open to working with Valancia and like the direct Connect campuses.
 - iv. Gumerov: Yes i am open I just want to gain info about the base campus first.
- xi. Encouraging CAPS to have a transfer shock workshop (also maybe issue finding to see if CAPS is adequate on satellite campuses??) (Autumn)

Updates:

- i. None

Next Steps:

- ii. None

- xii. Credit equivalency and transfer issues (Beneche)

Updates:

- i. Varela: she is not here so I will say. We have a meeting with the registrar next Tuesday. We will talk about their process and sort of learning and what we can do to better advertise.

Next Steps:

- ii. Want to work on advertising the appeal system. I want to set up a meeting with Beneche on Monday so we can discuss this before the actual meeting.

- xiii. Rosen Outreach (Varela/Caringal)

Updates:

- i. Varela: Rosen dean meeting is being rescheduled due to school closure for the hurricane. ELA Richmond is working on that. I also spoke to SBA Chair Hameed on the tabling he did on Rosen. He found that dining options and shuttles seemed to be the most prevalent concerns. I spoke with President Lister about the dining concerns and he informed me that it is a known issue

LEGISLATIVE BRANCH

but admin believes that there is not a strong enough customer base to sustain a dining hall or other food options at Rosen campus. Also there is something weird going on with the hot food vending machines at Rosen because some students say they have been taken away (????) which was refuted by President Lister who said the only issue is keeping them stocked.

Next Steps:

- ii. Varela: Have the Rosen dean meeting. During the dean meeting I want to look around Rosen campus to both just see it because I've never been and investigate what's happening with the hot food vending machines. I am also considering doing my own investigating into dining options for Rosen. I will work with SBA chair Hameed on this issue.
- iii. Ideas:
 - Knightstop type market
 - Coffee shop maybe staffed by students for credit hours
 - Fix the hot food vending machines
