ii) Off-campus student recycling bin

- (1) Kaufman: Recycling disappears off campus, but I worry it would be difficult for students to carry recyclables across campus
- (2) Lipner: Close to a parking lot maybe?
- (3) Kaufman: Yes, I feel like this would be better if it was more accessible via car. We also have concerns regarding getting student's recycling to campus without a car.
- (4) Kaufman: Potentially reach out to off campus housing directly to enquire issues.
- (5) Lipner: We could figure out which areas do and don't offer recycling

iii) Trail Visibility at the Arboretum

- (1) Kaufman: Would love to hear the arboretum's thoughts and existing procedures

iv) More composting availability

- (1) Commorato: Talked to Ryan (sustainability initiatives), he was interested, but we need more student support.
- (2) Lipner: I agree

b) What to focus on NOW! Picking 3-4 initiatives to get working and then go from there.

- i) Lipner: Fairtrade & Recycling
- ii) Kaufman: Off campus recycling really piqued my interest
- iii) Caringal: Water bottle emailing and coordinating should come first
- iv) Commorato: I planned on starting the event planning for earth day over winter break. Start scheduling composting meetings with dining services.
