Speech:

Questioning: Morissette: If a RSO went over, would we just fund the amount until the cap is reached?

Wangen: Yes, exactly.

Varela: This goes into effect next fiscal year, correct?

Wangen: Yes

Chair Rose: Did any RSOs reach the cap last year

Morissette: Yes, about 4 this fiscal year.

Debate:

Al-Qudah: Seems like a relatively simple bill, voting in favor.

Voting: 7-0-0 , Passed First Reading

       i. Presentation
   c. Questioning (7)
       i. Varela: More elaboration on technology usage?
          1. Rose: One of the most important things we do in ORS is VPFs, they can be very long and take a long time. The system used now is to read it and review it. We could use text and image recognition to at least identify which documents are receipts, see if it has credit card information or just an invoice. Can help us get through it quicker or reduce human error.
          2. Varela: Are you well-versed in technology?
             a. Rose: I am tech-savvy, coding knowledge could write it up myself or find one myself.

  ii. Senator Al-Qudah: Do you have any idea as to guidelines we can give to RSOs to make the process easier as well?
    1. Rose: Yea, in the VPF Submission form there is something that goes through that. Could be helpful to inform and enforce more.
 d. Debate (7)
  i. Varela: Really impressed by technology idea. He is very well-versed, I trust him. I like the idea of making it less of an overwhelming process on the committee. I like that he has experienced ORS before. I enjoy his orientation idea as well, sat in ORS before and understand how it works but it helps new senators.
  ii. Borges: Happy to vote for him last session, happy to vote again
  iii. Voting: **7-0-1 – Rose is elected Chair**
