 - d. I am not going to let this go unaddressed so please hear me out for the next couple of minutes as I have written down specific points that I am going to address. First and foremost I want to apologize for the confusion surrounding this, because I know that there are a few of us who know what's going on and a few of us who have an idea and a few of us who have no clue at all. So for those of you who don't know, on the day of the last senate meeting for the Fall semester I was made aware that a group of senate leadership was unhappy with some recent events and were planning on addressing it in some form at the meeting that night. I think the first thing that I want to address is the obvious communication issue that in my opinion has served as a catalyst for all of this, and for my part in that i genuinely apologize as I found that through my conversations that there is misunderstanding after misunderstanding and i really do think a lot of this could have been solved with simple conversations where I also want to be clear that your concerns matter to me and i am actively working to address them in more ways than one, i have been for the past month and im still working on things. The tangible things ive done would include a virtual anonymous drop box, ordering merch, and setting up meetings with leadership. I think I want to end this off by saying that I don't want this to define our session and I think it shows a lot about our collective leadership and how we want to show not only Senate, but the rest of Student Government, Administration, and the Student Body that leadership is not easy, but we are a resilient group and we can come out on the other side. I am committed to this group and to ensuring that we make the rest of the session.

 - 8. Announcements from Non-Committee Members-
 - a. Cimillo- I hope you are all doing well as we begin the new semester. As we reach the halfway point, I wanted to provide a brief update on our financial activities and the status of our allocations during A&SF. A&SF has allocated \$500 to the Speaker Initiative for the next fiscal year, and we are currently in the process of evaluating how best to utilize these funds. In light of this, I would like to ask you all to take a moment and brainstorm ideas for the application of these funds in the coming year. It's important that we carefully consider their potential use and align it with the goals of the initiatives. This isn't a vast budget but it's a start and I want to ensure that the goals of these allocated funds are hit with the next fiscal year leaders. To ensure that the allocation is fully integrated, we want to be proactive in incorporating the appropriate language into the provisional budget for next year. Your input and suggestions on how this allocation could be best used moving forward would be greatly appreciated. Please feel free to share any thoughts you may have or ideas with the current speaker, A&SF chair and the comptroller so we can ensure to also add this into our transition binders.
