 - ii. Borges: So we had a discussion to excuse our absence, so what happened that day, I wasn't planning on leaving for that long, my friends were planning to drink and were going to drive. People I know have had accidents. I personally went to drop them off and pick them up, and in between I was taking care of people in between. I believe that some of the stuff in the senate isn't as important or isn't doing as much sometimes, and not all votes really do much for students. I would love to have a discussion and maybe revote.
 - iii. McClellan: So I just wanted to say is there no one else who could have gone to help them.
 - 1. Borges: The entire friend group was there because it was someone's birthday and I was taking all of them, some were not there or did not have cars. They still asked me
 - iv. McClellan: My thing is one of them could have been DD, during my birthday I had a DD and we planned it out. I just find it unfortunate that you had to be the one to do this and no one else could be responsible.
 - 1. Borges: I was very mad that I had to go, because there were things I wanted to vote on. They did have a designated DD but they started to drink
 - v. Wangen: You all know that Tyler and I are very passionate about, and we have similar interests. I believe that he was watching.
 - vi. Borges: I was watching it online in the car, I was outside there watching, but I didn't want to have to run out again. I was probably listening more than others
 - vii. Tribble: Do you want to re vote, our concern was that this would happen again.
 - viii. Borges: I just wanted to show my opinion on what happened that night

- a. I am Azina, a fourth year PHD in chemistry. As part of my project I designed a catalyst that we published some papers based on, and submitted three more at the end of next month. I request funding to present at this conference. It is the largest society of scientists and they have this meeting every year, so it is important for our group to present here. We are required to go as part of our PHD. Registration is \$100, flight is \$220 and the hotel is \$178 - \$269 per night and I need at least a four night hotel.

2. Questioning

- a. Bhatheja: Is the hotel cost for one day or four
 - i. They are per night
- b. Tribble: Date of travel
 - i. 3/26 - 3/30 and I want to travel 3/27-3/30

 - i. Okay
- e. Bhatheja: What is the total you are requesting
 - i. \$1300
- f. McClellan: just so you know, we can give you \$700 so how do you plan to fund the rest
 - i. It's going to be complicated, but I used the graduate study last semester so I don't have an answer
- g. Temple: Are you aware PFP
 - i. I am a little aware
 - ii. Explained
- h. Ra: So the \$700 is more than the hotel so how would that work
 - i. McClellan: Are you an international student
 1. Yes
 - ii. McClellan: it takes longer for international students so what may happen is you will pay for all of it, they will refund you later
