1. Speech: Pineapple Theatre went through some rebranding after we got a new president. We are here to help students have performing opportunities to people of all majors. We focus on everything that goes into creating film. We have brought in professionals who have done workshops in the past. We are really trying to make a change at the Rosen campus. We are going to tour the Dr. Phillips facility. The main purpose we are here today is our spring miracle. Musicals cost a lot of money, so we are here to request funding toward it. We have to pay for the rights to Into the Woods to host the production.

1. Speech: We are the Flute Club at UCF. Flute club and studio are the same. We make up about fifteen members. We are Flute majors, our primary or secondary instrument is the flute. We meet every Monday, we do pretty much anything depending on the week. We play 8 tunes. We play pieces. We will have members play for this guest speaker. This guest speaker is important to me because I am essentially looking for the professor to study under after I graduate.
