  1. Speech
    - a. Last weekend I had to go back home to South Florida to get my car fixed. The original problem was fixed but when I got back to Orlando, my check engine light and a few other lights came on. I took it to auto zone to have them read the codes that it was bringing up and one of them was in regard to my brakes. I was told that I should seriously limit driving my car and avoid doing so unless 100% needed. I did not want to risk doing any further damage to my car and there is no shuttle in my neighborhood. I tried to upload photos of the work orders but they would not upload. I could email them if that is needed.

    - b. Pladdys: If she can't make the meeting, how is she getting to classes?
      - i. Chair: that is true

- 3. Debate
  - a. Parmar: I will be voting for approval.
  - b. Pladdys: I will vote in favor this time, but hopefully we can find some way to get here.

  - a. **Approved 5-0-3**
- iv. Tyler Borges 2/2 Final roll call
  - 1. Speech
    - a. My internship is having me work at 8:00 am on Fridays starting two weeks from now. This internship is nearly an hour away, which means that I would have to wake up at 6:00 am to ensure I am on time. With this, I need 8 hours of sleep, meaning that staying at Senate until midnight is not a possibility for me - I would like to get adequate sleep for my physical and mental health and performance at my internship. That being said, I would need to leave Senate at 10:00 pm (I'm sure some days I'll stay till midnight anyway, though, as I get very into what we're doing). Please see attached for confirmation of my internship. I cannot provide a schedule as it includes meetings I have to be in, and I am under an NDA, so I'm unable to share that information. Because this is not an academic reason, I will have to submit this every week, so I apologize for how many of these you will get. Additionally, I know other Senators have been approved for this exact reason, so please keep that in mind during the meeting, as I will be working during LJR and cannot attend. Feel free to reach out to me with any questions, though!
    - b. Proof: Internship acceptance letter
  - 2. Questioning
    - a. Pladdys: Have we approved something like this?
      - i. Chair: For Domino we have, explains the situation
    - b. Parmar: Given the resolutions would he have issues with that?
