5. Announcements from the Chair
  - a. Hey guys! 35 allocations and 2 fiscal bills today.
  - b. To the students here, I apologize for the late email but this is the most amount of business we have ever seen in one meeting, and we just switched from Google Drive to Teams - which I have never used and I am pretty unhappy with.
  - c. We will not be using Teams as much as I can fight it. I cannot create anything that has commenting access only, meaning all of you can edit all of our documents - which cannot happen.
  - d. I also cannot link any supporting documents within Teams 🙄
  - e. I will be making my own CRT Drive outside of Teams if need be and adding you all in whatever capacity I need to.
