 - a. Thank you all for waiting. Moving forward, I am not sure when we are using teams. As a fiscal committee we must be flexible, we have a great deal of documents to see with teams
 - b. Deadlines set for submissions, Chair will move to be much stricter. We try to get students all the funding they can, however it leads to me having to be more lenient than the committee should be. Many times we do not get proper quotes and information. We must receive these 48 hours before

the meeting. Fridays at 1pm - This will help alleviate pressures from the committee and make our process more feasible. This specification will be made aware of the RSOs requesting funding.

- c. Make sure the 15 business day deadline is enforced and made aware to the RSOs.
 - d. [Bill supporting documents](#)
6. Announcements from the Vice-Chair:
- a. Communication seems like a major theme which needs improvement within our committee.
 - i. Externally and Internally - Externally we have to emphasize the fiscal policy rules. Internally, being flexible as we move to microsoft teams is necessary. I vouch for Microsoft teams, it works well in a business setting and can lead to greater communication within Senate and our committee.
7. Announcements from Committee Members:
- a. Pro Temp Rep:
 - i. Good afternoon everyone, I hope you all are well. This week we will be seeing quite a bit of legislation on Thursday due to last week and this upcoming week's lack of senate meetings.
 - ii. Please be flexible as we see what needs to be seen on both second and third readings and as we navigate how this all will work with Teams in the coming week(s).
 - iii. If you ever have any help at all in any way, senate related or not, do not hesitate to reach out to me and I will do what I can to help. I am here to help.
 - b. ORS Rep:
 - i. Nothing pertinent regarding ORS
 - ii. CRT Chair announcement: CRT will not moving to teams. One of the reasons is because of all the documents: they are requiring editing access for any member, they could easily delete any document or necessary information and they can also lock me out of any document. We are unable to properly link supporting

ii. Speech: We are the Art Club, the casual art club. This community of artists brings all types of people together. We have built ourselves up upon these principles. We have been doing this for a long time, a tabling event outside the visual arts building. It is the single best way we can look toward promotion. It has been a great help for Art Club. Art Club has continued to grow. We had 17 members not including officers. We are requesting funding for display cubes and a tablecloth.

iii. Questions:

iv. McClellan: Is this the image you want on the table cloth? I may have submitted one that does not have the proper funding on it.

v. Borges: Do you have two financially trained officers? Are they both authorized? Yes, and yes.

- vi. Heintskill: Do you guys have any fundraising events to be able to afford the tables? No, we have not had fundraising events. We do have dues from members but we use that toward hats and shirts. Tables are quite expensive.
- vii. Barekman: Have you tried selling the art from the art club? Yes, the art club does not keep that money.
- viii. Barekman: Have you considered taking a percentage of that money for the future of how your RSO works? It would be a logistical nightmare. It could potentially limit people from wanting to sell.
- ix. Barekman: If you would like assistance creating the logistical system, would it be unreasonable?
- x. Borges: Are you guys aware you are sanctioned at 15%? No, we are not aware. I believe we were within the range. We ran into difficulty with A&SF office because it carried over from the previous fiscal policy.
- xi. Debate:
- xii. McClellan: This is an unfortunate situation, however, we must reject the allocation
- xiii. Vote: 0-7-0. Allocation Denied.
- xiv. [54-45](#)
- xv. Speech: We are the Venezuelan Student Association. We want to promote a community of Venezuelan students to make them feel a part of something outside of academics. We call this event reflection day, we do a study break, gather people and have a nice picnic. We are requesting funding for Smoothie King. It would be around 30 students. It is a nice way to have everyone come together
- xvi. Question:
 - 1. Nimbargi: Why are there only 30 students coming in? We are estimating this event based upon what we saw last year.
 - 2. Borges: Do you have two financially trained officers? Are they authorized officers? Yes

3. McClellan: You won't stop anyone who would like a smoothie even if they are not a part of the RSO? Yes, we are a very open organization
 4. Nimbargi: Is there a possibility you may run out? No, not necessarily since it is based upon the previous estimation.
 5. Borges: Are you aware of the post-funding process? I believe it is the same way as we completed the Chick-Fil-A order.
- xvii. Debate:
1. McClellan: Both quotes received? No, we are going off the numbers we currently have. So we can approve it pending.
 2. McClellan: Aside from the logistics, the smoothies are low-cost and I am in favor.
 3. Nimbargi: It seems like a great event. It will be a great way to relieve stress.
- xviii. Vote: 7-0-0. Approved pending quotes received.
- xix. [54-46](#)
- xx. Speech: We are the Botanical Society at UCF. Our main goal is to increase minorities' exposure to the nation and increase plant knowledge in general. We are planning a Night Hike. We have done this event before and are now requesting funding.
- xxi. Questions:
1. Parmar: Do you have two financially trained officers? Are you aware of the fiscal policy? Yes, and yes.
 2. Parmar: What is the RSO doing to promote the event? This is not a tabling event, it is a hike at the arboretum. We will be posting this on knightconnect as well as posting in our groupme.
 3. Millington: Is the one for 18.99 the route you want to take?
