 - ii. Discussion
 1. Campbell: I agree that mental health is not focuses on by programs such as SAS, they're just harder to get accommodations for because you don't visually see them. They can be harder to diagnose as well. My hesitation towards active mind is because I don't know if they're active.
 2. Jason: Active Minds was very active when I was a freshman, I don't know how active they are currently. Part of why I picked them was because of this activity.
 3. Campbell: They haven't posted on instagram in over a year
 4. Jason: We can get rid of them
 5. Campbell: Any other thoughts?
 6. Jason: If we're going to be UCF student government, it's best to lead towards groups that do stuff on campus
 7. McNutt: I agree that the NSSLHA would be good, my only hesitation would be that it's more professional development focused, but it would be a good outlet

9. McNutt: What do we think of Best Buddies?
10. Jason: There are many good people in Best Buddies, there are a lot of concerns regarding the organization as a whole though. The person coming to the meetings would not be someone with a disability
