VC Robbins. Be as objective as possible and point out anything we can fix. We want to fully optimize this key and make this be an effective tool for students who come into ORS or are interested in SG.

- d. Finally, for full disclosure I am on vacation and the WiFi is subpar, so in the event you guys cannot hear me, don't hesitate to say that you cannot hear me .
- e. On This Day:
 - i. In 387 BCE, the Battle of Allia was waged between an Early Roman Republican army and a Gallic army, led by King Brennus. The Gauls would ultimately rout the Romans and pave the way for the first sacking of Rome, a loss of centuries worth of historical records, and a full reorganization of the Roman identity and geopolitical priorities.
 - ii. Also Happy Billy Joel Day to those who celebrate it in New York!
6. Announcements from the Vice-Chair-
 - a. Hello everyone! Today aside from our regular Scarlets Snapshots, we will be voting on one of the 3 logo options Chair Temple and myself have concocted. Please be as appropriately opinionated as possible when in discussion so I know what to fix!
 - b. Furthermore the ORS key is finished and once the SG website is up to date we will be able to refer anyone with fundamental questions regarding the committee to it, here is the link! https://1drv.ms/b/s!Ar_l_uf74dql-1dhmzQsBVtgg0GQ?e=xs1NWf
 - c. Lastly, Fiscal leadership has chosen to provide the front desk with a QR code respective to each fiscal committee, ORS, FAO, and CRT that will be linked to their respective FAQ pages, once we vote on the logo today I will be able to finish up this project as well. :)

- i. I wanted to follow up on my recent submission on the VPF for Fiscal Bill 53-18, which was due this past summer. Due to some delays on my part as a result of personal circumstances, I had taken longer than expected to submit the form. In the form, the RSO contribution will be shown to be less than what was required for our RSO to commit to, provided the agreement that each party provide half of the up-front costs for the bill. Due to complications within our RSO the 2021-2022 academic year, our competition team (which represents a portion of our RSO) had difficulty receiving additional funding for our competition (about \$1500) from sponsorships and fundraising. As a result, the amount we were able to contribute to attend the competition was much less than required, as funds had to result from money spent out of pocket. Given that this is the first year we have had this issue, we ask if there is something we can do on our part for this next year, so that our RSO does not fall in poor standing with SGA and its respective committees in the future. I understand if the low utilization rate for the funds would make it appear as if we abused the conditions of the Fiscal bill. In all honesty, it was a result of misunderstanding and miscommunication. These miscommunications occurred between me and our SGA senator at the time, Steven Meikle, and the past officers of our RSO, who did not actively partake in the process of submitting Fiscal Bills and filling out VPFs, due to the nature of the pandemic affecting all competitive teams. Initially, our RSO was not notified at the appropriate time (Jerry Archambault should be able to confirm this statement on our behalf) the approval and disbursement of the funds from our fiscal bill until about 2 months after our date of acceptance. I have attached screenshots of emails requesting

information from these requests. If you would like me to forward the conversations between myself and Senator Meikle or Zach Dench, which may clarify this situation, please let me know. If these circumstances do not fall under the criteria for reconsideration of any restrictions to future SGA bills, we understand on our part. The American Society of Civil Engineers, and its UCF Steel Bridge Team, hope to continue working with you in the future with SGA bills, where we have begun currently prioritizing fundraising over dependency on the SGA fiscal bill to cover event costs for the next competition. Thank you for understanding.

3. Questions:

- a. Senator Wangen: Is the RSO saying they could not come up with their share?

 - iv. Will we be reimbursed from the photo booth?

 - vi. If the photo booth was included they only would have contributed 79% of the bill
 - vii. Was the transition in leadership part of the issue here?
 - viii. Not really
3. Debate:
- a. Senator Robbins: Would like to see the time stamps
 - b. Senator Robbins: Was there any contact between the RSO and the business office after choosing not to use the lighting company?
 - i. We spoke to Jerry and there was miscommunication when the bill was supposed to be transferred over, asked him if he saw their bill and he did not. She went to another hearing for pushing back the reversion date, received info about the CRT allocation not the FAO request. Once she was filing the request there was no one else to book at that point. Jerry said they could order other items to fill up the contribution. There was not enough time between then and the event for shipping etc.
 - ii. Senator Wangen: When were you contacted by Jerry?
 - 1. February 28th, event was on march 20th
 - 2. Are you aware of the fiscal bill timeline?
