 - ii. Debate: McClellan - the middle finger stickers is obscene. We should not fund this specific sticker.
 - 1. Borges: Agrees with McClellan, content such as middle fingers could be concerning, we shouldn't fund it for any RSOs no matter political affiliation, agrees that all other stickers should be funded.
 - 2. Millington: It would be hard to decide what explicit things can and cannot be funded, 1st amendment issues with free speech - legality issues.
 - 3. McClellan: We can possibly list them out and be consistent with them. Make a list and if we find anything in the future we can add it in the future.
 - 4. Heintskill: Suggesting cropping out middle fingers. It is a derogatory symbol.

5. Parmar: There are many other options out there of stickers that are viable options. Discuss with RSO itself and discuss the legality of the stickers.
6. Borges- Worried about legality. Move to approve as is. Would rather keep it and change it later. Worried about possible backlash.
7. Millington: Talked to Shane for a while about it, main thing was legality so if I bring it up again I expect the same type of response
8. McClellan: I am not comfortable approving it as is, I am willing to talk with Millington and Shane and Mole about this so we can decide on what to do to reduce legal backlash. Draft the change now.
9. Millington: If we put it into spending policy and legality. If we have the meeting with the RSO, then we do not put it into legality. The precedent would transfer over into other RSOs
10. McClellan: Disagrees because we addressing a problem within our fiscal policy. We are making it clear in our fiscal policy. Not preventing anyone from speaking it, we are just saying we as a university will not fund it.
11. Millington: POI - FAO comes out of the A&SF budget, students are entitled to the budget for all the Registered Student Organizations.
12. Borges: We should postpone and have a meeting with everyone McClellan mentioned and adding the AG and Comptroller, so we can decide what to do, not comfortable deciding as of now.
13. Heintskill: Have the past senators ever approved anything of derogatory representation? If that has happened they may use it against us.
14. Millington: Not to my knowledge.
