1. General Information
 - a. Fiscal Probation: Reversion \geq 20%
 - b. Reverted \$2,000.00 of \$2,000.00; 100%
2. Speech
 - a. Our treasurer from last year was in charge of this and did not give herself enough time to plan the trip for everyone. Plane tickets, hotels etc were not taken care enough in advance.
3. Questions
 - a. Borges: If there was any communication between the accountant?
 - i. No, did not show up to the previous meetings. The treasurer could not put her information correctly into the banking account
 - b. Guel: was this person now on an Eboard for this year?
 - i. No
 - c. Borges: have you gotten this figured out now with the bank account name?
 - i. Yes i have access and all should be good
 - ii. For the future how can this be alleviated?
 - iii. We did not know about any of this because the email was not in my possession. I know I am the point of contact and have a clear point of communication.
 - iv. Chair: clarification
 - d. Guel: are you now financially trained?
 - i. Yes, treasurer and myself
4. Debate
 - a. Temple: I see a similar parallel between this one and the last one. 20% makes sense to me. To hold precedent I believe this is the right amount
 - b. Borges: I feel like this is a fair amount and is the same as the last situation
 - c. Uchoa: It was the RSOs fault but mostly on someone else who is not here anymore.
 - d. Barekman: It seems like there is a more contentious relationship between the RSO and the leadership compared to the last RSO.

- e. Guel: Similar to what Barekamn said, this situation falls on a specific individual rather than the RSO. I would advocate for a 15% sanction rather than a higher one.
 - i. Is this E- Board new?
 - ii. Yes
- f. : I see the differences, this is more of the fault of one specific person, even with the similarities between the situations
- g. Temple: I believe that 15% works and is acceptable.

 - a. Last year we decided to order promo items, I was the one who requested them. President and secretary were then in charge of the rest. We did not go about the funding request correctly. We host lots of important events and are the leading group of 17 affiliates to provide for the events. Assembly is this Sunday and we could not request funds for it. We have the promo items. Everything we have requested up until this point for the past 5 years has been requested and used correctly. We hope to have a better leadership situation this coming year.
 - 3. Questions
 - a. Temple: Did you receive anything from the Business Office?
 - i. Wangen: No notes from ASFBO
 - b. Robbins: How did you pay for the Promo items?
 - i. We have requested for other items, but we did order the other items through RSO sponsors and funds or our own.
 - c. Temple: can you elaborate on the mistakes made?

- i. My board last year understood somewhat the fiscal process, i assumed they knew what was going on but i think they thought that when you order the items but not use the funds we would get them back
 - ii. Temple: So they ordered the items before the allocation was processed?
 - iii. No, afterwards. I had hoped they had reached out the business office but that did not happen
 - d. Borges: how will this not happen in the future?
 - i. We know the funding process very very well and that is all I can assure you of
 - ii. Borges: for future years what will you do?
 - iii. Within our constitution all of our members must be financially trained which I implemented over the summer. Because we are an affiliate org for 17 different orgs we have training that we will host for financially training the next group.
 - iv. Borges: We are under a new financial system, could you contact the FAO cahir about this before training others?
 - 1. Yes we can contact them
 - e. Barekman: What was the extra money used for?
 - i. These were separate allocations
 - f. Chair: clarifies
- 4. Debate
 - a. Borges: With this much reversion, we have to sanction them, I trust that the funding now is secure and I think that on top of them being here we should go with a 20% sanction
 - b. Uchoa: Things happen, we should sanction lower and maybe around 20% would work
 - c. Guel: Originally I was thinking of a 15% sanction but now I am comfortable with 20%, no more than that. They are being proactive and reactive well.
 - d. Temple: I will abstain from this as a member

 - a. We had a varying circumstance, I reached out in march or april for funds, and was trying to be proactive. The fiscal year was changing while our conference was happening, and was told the funding would be given July 1st. Was in constant communication with the chair and our accountant and was told 12 hours before the event that we would be allocated the money. Very thankful for the special reimbursement circumstance but was not far enough away from the event. How will we be reimbursed for this? Did not want to spend the money without knowing that this was okay. Did not know 100% if the reimbursement would happen. We went with a corporate discount for the hotel and that was much less than expected.
 3. Questions
 - a. Temple: the reason you reverted funds was because the allocation was being given at the end of the fiscal year?
