 - ii. Speech 5
 1. Rose: Hey everyone! I'm running for chair. I'm a rising senior in aerospace engineering. I've been a senator for two sessions and was the previous ors chair. I'm running because I enjoy helping students with funding. I want to continue the business from the previous sessions and use my knowledge that I've gained. Some

initiatives from 56th sessions, old VPF format was clunky so I implemented a new format and I implemented technology to assist the chair with tasks. This helped streamline the committee. New initiatives are I want less reversions by making an automated email checkup on rsos and students to make sure they use their funding. Keeping meetings to about 1 hour. Fully virtual over the summer and hybrid for the fall and spring. I like giving people the option if you guys wanna go home but still wanna be a part of the committee. Summer timeline looks like orientation for new senators, looking at setting funding, finishing old business, title 8 discussion and changes, then we would see new business

2. Scott: New senator from college of business. I'm a accounting major who wants to become an auditor. I was the treasurer for a statewide nonprofit from 13-16. I used to intern for the US senate. I bring a lot of experience from outside that would help me here.

iii. Questioning 5

1. Varela: follow past guidelines or make new ones?
2. Rose: I think we should stick to precedent but I think we can set new ones if we note it and say we will follow that.
3. Scott: I agree, if something isn't broken don't fix it. If past guidelines work, lets continue unless we get a complaint.
4. Lim: Time constraints?
5. Scott: Summer I'm taking 3 classes, 2 start later in B session. Not a lot of work. I have a 1 credit class right now. I have a job as a treasurer for a national nonprofit but that won't cut into this. For fall I'm taking 3 classes. No shortage of time.
6. Rose: Taking 2 classes, one online one in person. Fall I'm taking no more than 4 classes and spring same thing.
7. Kaufman: A&SF ideas?
8. Rose: I sat on it last year and I can't think of any ideas since everything went way smoother than the past. If its working I don't have any initiatives

9. Scott: Also don't have any new initiatives since I want to get used to ORS first. If issues take place then we can work on something.

iv. Debate 5

1. Varela: Debating in favor of Rose, He makes ORS very simple even though its very hard. He's always on top of everything beforehand which made meetings faster. On top of emails to help RSOs. He really wanted to work with RSOs to avoid sanctions. He would make a great chair again.
2. Greene: Voting in favor of Rose, really liked the code he made to help with VPFs. With being a nursing senator, I like the hybrid meetings.

v. Vote 10-1-1
