- e. [Supporting Documents](#)
- 2. Speech
 - a. Rose: We had seen this near the end of last session. Originally, we voted for no sanction, pending that the total came out to \$10,614. Since we ended up not accepting some of the documents, the final total is a bit lower, placing them at ~86% contribution.
 - b. RSO (should be present): We focus on medical service trips on healthcare. 4-5 times a year we do international service trips. We work with SG to get funding for these. This was for our India trip. The issue was that the prices had dropped significantly and I couldn't really do anything about it. We worked on this over the spring, agreed that the if the contribution totaled to \$10,614.
- 3. Questioning
 - a. Rose: MTD
- 4. Debate
 - a. Greene: Regards to the airline prices, it wasn't really in control of the RSO. Since they've been very transparent, I don't think a sanction is warranted, or at least much reduced from the rec.
 - b. Rose: motion for no sanction.

4. Debate

a. Rose: Generally, we decide sanctions starting from the statute recommended amount and reducing based on the circumstances. The recommended sanction itself can be reduced a bit if you reimburse the business office. If you paid back the business office to reach 50% contribution, it would go to 30% plus an additional 15% for reverting >20% of senate funds, for a total of a 45% recommended sanction. This would mean reimbursing the business office for \$2332.32. If you paid back the business office to reach 95% contribution, it would go to 30% for reverting >50% of senate funds. This would mean reimbursing the business office \$6301.25.
