- d) To those presenting, please be clear about how much funds you are requesting in each category, as I may have made some mistakes this week due to the KnightConnect issues. Once you're done presenting, you're free to go and I'll email you confirmation of your approval within the next few days.
- e) After today, we will only have about 1/3 of the Q2 budget remaining to allocate, even with the \$12,000 that will roll over from Q1. At the pace we're going, we'll have to take funds from Q3 or Q4 roughly by the first week of October.

(1) Speech

(a) I am writing to respectfully request travel and lodging support to attend the 2025 NDISTEM SACNAS Conference in Ohio from October 29 - November 1. This conference is recognized as the leading multidisciplinary and multicultural STEM event in the country, bringing together students and professionals to celebrate science, culture, and community. As an undergraduate researcher and student leader at UCF, attending this conference will allow me to expand my knowledge, network with mentors and role models, and bring valuable perspectives back to our campus community. I plan to share my experience with the students I mentor, fellow researchers, and peers in my academic network. Additionally, as a UCF Social Media Ambassador, I may feature highlights from the event to showcase UCF's presence on a national stage and inspire other students to pursue similar opportunities. To make this trip possible, I am requesting \$400 in funding, which I plan to apply toward a shared hotel room and an affordable flight to minimize costs.

I am deeply grateful for your consideration of my request. Support from the CRT Committee would make it possible for me to take full advantage of this conference and return with insights, inspiration, and resources that will benefit both myself and the broader UCF community.

Thank you very much for your time and support.

I plan to arrive one day early. I am submitting a proposal. We only know if we are slated to present in November. This will allow us to learn from leaders in the field. This aligns with my job in the student Union. Registration: \$245 for national members Hotel: \$179 per night plus tax. Travel: \$90 and \$293.95. The travel could change. This is the most updated for the flight. I rounded up my number to \$1400 for extra hotel fees.

(2) Questioning

(a) Orjuela: She hasn't received her acceptance yet; how do we go about that?

(i) I can go as a presenter or as just an attendee. If i get approved to go as an attendee, it wouldn't change any cost.

1. Yes

(iii) Sherman: We will approve your pending at \$300 each and then once you send an email about the acceptance, we can move it to \$500.

registration. \$650 and with an additional \$100. The first paper was started by an undergraduate student.

(2) Questioning

(a) Sherman: Your advisor emailed me and said that the registration deadline was in like 5 days. Do you know exactly when that is?

(i) They said the registration was in 5 days. September 20<sup>th</sup>. Is it possible I can pay out of pocket for the registration?

(b) Sherman: You mean like get reimbursed?

(i) We have not registered yet, if we can't get funding by then could i get reimbursed?

1. Sherman: That process to reimburse will take a longer time. I think there is also a \$100 late registration deadline, so for you to get the \$500 then we can just do that option. It would go up to \$850 and we would still give you the \$500. Once the business office gets with you, either you can pay the full \$850 and get reimbursed \$500 or you can pay \$350 and then they will pay the \$500 themselves. Make sure that you get it approved by them first because if you do it before then they won't be able to reimburse you.

a. I will pay the registration fee and then get reimbursed the \$500.

(c) Lipner: May I add some clarification. So, for this funding to be fully approved, we must sign it into our Senate Thursday. After the senate on Thursday, it will go to the business office, and they will reach out to you next week. You will mostly be missing the early registration deadline regardless. If you pay before the business office reaches out to you then you won't be able to get reimbursed. It seems like the late fee is unavoidable. However, it seems like there is a reduced fee for full time students.

(3) Debate

(a) Lipner: This is a great conference and an awesome opportunity.

(b) Luchet: MTV

  - (a) I am an undergrad student, and I am the parliamentarian for this RSO. The conference is from October 24<sup>th</sup> to the 26<sup>th</sup>. I am the senator for this RSO, and this is great networking for our members. This will help our 54 members go. \$120 per person. Hotel: 189 at night for 14 rooms. We have no travel expenses. We know our cap for seminars and networking. We would like to change it to a competition because we have a Hack a thon event. This chapter is doing a lot fundraising.
- (2) Questioning
  - (a) Sherman: Are all 54 members participating in some sort of competition?
    - (i) Yes, it is a chapter based on competition, so it is based on the members participating in events or meetings that we have on campus. Anytime they participate they provide points to the region and then its totaled across all different chapters to determine who wins the chapter of the year. Yes, all members are competing.
  - (b) Lipner: Are all members attending competing at the event?
    - (i) That is up to them, but we will push them to compete in Hackathons and elevator pitches.
      - 1. Sherman: It might be easier to bring down the number of student you are funding. Lets say there are 10 members doing the hackathon, you could bring the number down to 10 and it would be much easier to call it a competition.

2. Lipner: I agree with that thought but either way the money is going to the same place.

- (3) Debate
  - (a) Lipner: Regarding the competitions, are these things that individuals can sign up for as they wish?
    - (i) Yes, there is a very robust registration.
  - (b) Sherman: How do you see that give to members?
    - (i) It will be split evenly.
    - (ii) Sherman: You will be giving \$46 to each person.
    - (iii) Yes
  - (c) Lipner: I am willing to vote in favor pending.
  - (d) Luecht: we could get a rough estimate about how many people are competing then we could bump it up to \$2500. The money is going to the same place either way.
  - (e) Sherman: If the plan is for them to split the money, they couldn't split it if we only approve 10 people.
  - (f) Luecht: They could still split it on their end.
  - (g) Kauffman: Motion to change it to competition
    - (i) Luecht: Second
  - (h) Kauffman: I have worked with them, and it is a great opportunity.
