  - i. Hi guys, Happy Wednesday hope everyone is having a great week. I apologize for not meeting on Monday, however, we are just going to quickly talk about my announcements now. Essentially I revamped the Notion ([Notion](#)) specifically the tracker page. I have a little issue in terms of how many people can be on the notion so if you are not on it I know, we are working on it. This is what we will be using to assign projects. The goal is for our meetings to act as touch points to see project statuses and discuss any areas that you guys may need help in, or we want to tweak as a committee.
