#### iv. Translation Project

8. New Business-
  - a. Parking Appeals:
    - i. Recent students who have appealed have not gone to the first round of appeals yet. The person at Parking and Transportation Services changed, and this has changed their perception of our relationship with appeals and us being the second level of appeals.
    - ii. We are here to help delve into a deeper understanding of each student's circumstances, and usually, we are the ones that they leave those students to be appealed to.
    - iii. On our end: could put a required question that forces students to acknowledge that they have gone through the first level of appeals
      1. Could wait it out to add this required question to the parking appeal form
      2. Problem is that the old data gets erased when we save the new version of the form
    - iv. Another change to note: will not be holding over-the-phone appeals due to accessibility for the Justices; will keep Zoom and writing appeals
    - v. Could have a month-long trial to see if this changes the situation
    - vi. Could do a video with a ticket on a car, and then walk through the process of what to do next
      1. Car photoshopped in a pond credits to Lynn
