i. Speech

1. Asst. Supervisor: We are defining the voting period so there is no confusion about the voting period and the election period. We are adding a procedure for electing a permanent supervisor and at least 10 seats need to be filled in order to elect and add limitations as well. Removing a lot of limitations for the supervisor and adding some tasks for the assistant supervisor. The commission has the final say in terms of certifying the candidates; this is a big change. Removing the ten-hour minimum requirement is unfair since we are not paid. Adding the Supervisor of the election.... Adding the discretion to the Supervisor of election... Changes the duties and responsibilities to the Student Government Advisor as well. No one can be in the room for ballot tabulation and few change

ii. Questioning
